

# Academic Catalog 2026-2027

课程、学分、毕业要求、成绩等级与 GPA 规则

## Institutional profile | 学校公开信息

Address: 57 Gongye South Road, Lixia District, Jinan, Shandong, China. Country/region: Jinan, Shandong, China. Telephone: +86 159 6660 9301. Office hours: Monday-Friday, 09:00-18:00 China Standard Time (UTC+8), excluding public holidays.

Leadership: Principal - Wang Kaiyue; Academic Director and Registrar - Alice Liang. Official records contact: registrar@kiwiacademy.org.

Operating entity: Jinan Kewei International Education Consulting Service Co., Ltd. Unified Social Credit Code: 91370112MA3MNG693L.

## Academic year and credit system | 学年与学分

The standard academic year runs from August to June and contains two approximately 18-week semesters. A full-year course normally earns 1.0 credit; a semester course normally earns 0.5 credit.

One credit represents at least 120 documented hours of instruction and supervised learning; 0.5 credit represents at least 60 hours. Credit is awarded only after the student completes the course and earns a passing final grade of D (60%) or higher.

## Credential and official records | 证书与正式学籍

The secondary programme covers Grades 9-12 across four academic years. The named completion award is the Kiwi Academy High School Diploma. Award eligibility is established through the final graduation audit and permanent student record.

The final transcript identifies the student, academic years, courses, course levels, credits, grades, cumulative GPA, graduation status, credential identifier, issue date, and authorized Registrar. When requested by an authorized recipient, the school sends records directly from registrar@kiwiacademy.org and responds to matching verification inquiries.

## Graduation requirements | 毕业要求

| Subject area                              | Minimum credits |
|-------------------------------------------|-----------------|
| English & Communication                   | 4.0             |
| Mathematics                               | 4.0             |
| Natural Sciences (at least 2 lab credits) | 3.0             |
| Social Studies                            | 3.0             |
| World Languages                           | 2.0             |
| Health & Physical Education               | 1.5             |
| Fine Arts                                 | 1.0             |
| Digital Literacy                          | 0.5             |
| Approved Electives                        | 5.0             |
| Total                                     | 24.0            |

## Grading and GPA | 成绩与 GPA

Final grades use A-F without plus/minus: A = 90-100 (4.0), B = 80-89 (3.0), C = 70-79 (2.0), D = 60-69 (1.0), F = below 60 (0.0). P/F courses, when expressly approved, earn credit but do not affect GPA.

Unweighted GPA is the sum of grade points multiplied by attempted credits, divided by total GPA-bearing attempted credits. Honors courses add 0.5 quality points per credit for weighted GPA only (A = 4.5, B = 3.5, C = 2.5, D = 1.5, F = 0). Both weighted and unweighted cumulative GPA appear on the transcript.

All attempts remain on the transcript. If a course is repeated, the most recent grade is used in GPA only after an approved repeat; credit is not duplicated. Transfer grades are recorded as accepted credit and excluded from Kiwi Academy GPA unless a documented articulation decision states otherwise.

## Course catalog | 课程目录

Courses are scheduled subject to enrollment, staffing, prerequisites, and the student's approved academic plan.

| Code     | Course                            | Grades | Credit | Term      | Description                                                                                |
|----------|-----------------------------------|--------|--------|-----------|--------------------------------------------------------------------------------------------|
| ENG-101  | English 9                         | 9      | 1.0    | Full year | Close reading, composition, grammar, discussion, and research foundations.                 |
| ENG-201  | English 10                        | 10     | 1.0    | Full year | World literature, analytical writing, oral communication, and source use.                  |
| ENG-301  | American Literature & Composition | 11     | 1.0    | Full year | Literary study, rhetoric, argument, and sustained academic writing.                        |
| ENG-351H | Honors English 11                 | 11     | 1.0    | Full year | Accelerated literature, rhetoric, seminar discussion, and independent research.            |
| ENG-401  | World Literature & Research       | 12     | 1.0    | Full year | Comparative literature, research methods, presentation, and capstone writing.              |
| ENG-451H | Honors English 12                 | 12     | 1.0    | Full year | Advanced research, literary criticism, seminar leadership, and capstone defense.           |
| MAT-101  | Algebra I                         | 9-10   | 1.0    | Full year | Linear relationships, equations, inequalities, functions, systems, and data.               |
| MAT-201  | Geometry                          | 9-11   | 1.0    | Full year | Euclidean reasoning, proof, similarity, measurement, coordinate geometry, and probability. |
| MAT-301  | Algebra II                        | 10-12  | 1.0    | Full year | Polynomial, rational, exponential, logarithmic, and trigonometric functions.               |
| MAT-401  | Precalculus                       | 11-12  | 1.0    | Full year | Advanced functions, trigonometry, sequences, vectors, and limits.                          |
| MAT-451H | Honors Precalculus                | 11-12  | 1.0    | Full year | Accelerated functions, modeling, proof, vectors, and introductory calculus.                |
| MAT-501  | Calculus                          | 12     | 1.0    | Full year | Limits, derivatives, integrals, applications, and mathematical communication.              |
| SCI-101  | Biology with Laboratory           | 9-10   | 1.0    | Full year | Cells, genetics, evolution, ecology, physiology, inquiry, and laboratory practice.         |
| SCI-201  | Chemistry with Laboratory         | 10-11  | 1.0    | Full year | Matter, bonding, reactions, stoichiometry, energy, and laboratory analysis.                |
| SCI-301  | Physics with Laboratory           | 11-12  | 1.0    | Full year | Motion, forces, energy, waves, electricity, modeling, and laboratory investigation.        |
| SCI-351H | Honors Biology                    | 9-11   | 1.0    | Full year | Advanced experimental biology, data analysis, scientific writing, and research.            |
| SCI-401  | Environmental Science             | 11-12  | 1.0    | Full year | Earth systems, ecology, resources, climate, sustainability, and field inquiry.             |
| SOC-101  | World History                     | 9-10   | 1.0    | Full year | Global civilizations, historical reasoning, primary sources, and comparative analysis.     |
| SOC-201  | United States History             | 10-11  | 1.0    | Full year | Political, social, economic, and cultural development of the United States.                |
| SOC-301  | Government & Civics               | 11-12  | 0.5    | Semester  | Constitutions, institutions, rights, public policy, and civic participation.               |

| Code     | Course                       | Grades | Credit | Term      | Description                                                                                       |
|----------|------------------------------|--------|--------|-----------|---------------------------------------------------------------------------------------------------|
| SOC-302  | Economics                    | 11-12  | 0.5    | Semester  | Markets, incentives, macroeconomics, personal finance, and global trade.                          |
| SOC-351H | Honors Global Studies        | 11-12  | 1.0    | Full year | Advanced inquiry into contemporary global systems, institutions, and issues.                      |
| WLG-101  | World Language I             | 9-12   | 1.0    | Full year | Beginning interpersonal, interpretive, and presentational communication.                          |
| WLG-201  | World Language II            | 9-12   | 1.0    | Full year | Developing communication, cultural comparison, and sustained language use.                        |
| WLG-301  | World Language III           | 10-12  | 1.0    | Full year | Intermediate communication, authentic texts, and intercultural analysis.                          |
| ART-101  | Visual Arts                  | 9-12   | 1.0    | Full year | Studio practice, visual elements, critique, art history, and portfolio development.               |
| HPE-101  | Health & Wellness            | 9-12   | 0.5    | Semester  | Health literacy, wellbeing, safety, relationships, and responsible decision-making.               |
| HPE-201  | Physical Education           | 9-12   | 1.0    | Full year | Fitness, movement skills, teamwork, personal goals, and lifelong activity.                        |
| TEC-101  | Digital Literacy             | 9-12   | 0.5    | Semester  | Productivity tools, information literacy, privacy, cybersecurity, and digital citizenship.        |
| ELE-201  | Research & Academic Skills   | 9-12   | 0.5    | Semester  | Study systems, academic research, citation, collaboration, and presentation.                      |
| ELE-210  | Public Speaking              | 10-12  | 0.5    | Semester  | Audience analysis, speech organization, evidence, delivery, listening, and presentation practice. |
| ELE-301  | Computer Science Foundations | 10-12  | 1.0    | Full year | Algorithms, programming, data, debugging, computing systems, and ethics.                          |
| ELE-401  | Capstone Project             | 12     | 1.0    | Full year | Proposal, sustained inquiry, original product, documentation, and public presentation.            |
