

Graduation Policy

毕业政策 | Effective 24 August 2026

1. Diploma standard | 毕业标准

A Kiwi Academy High School Diploma requires 24.0 total credits, completion of each subject minimum, a cumulative unweighted GPA of at least 2.0, satisfaction of the residency requirement, and a final records review. No diploma is issued solely for attendance or payment.

Area	Credits
English	4.0
Mathematics	4.0
Natural Sciences	3.0
Social Studies	3.0
World Languages	2.0
Health & PE	1.5
Fine Arts	1.0
Digital Literacy	0.5
Electives	5.0
Total	24.0

2. Credit and passing standard | 学分与通过标准

One credit normally represents at least 120 documented hours; 0.5 credit represents at least 60 hours. A final grade of D (60%) or higher is required for course credit. Individual programmes may require a higher prerequisite grade for progression.

3. Transfer and residency | 转学分与校内修读

Transfer credit is awarded only under the Transfer Credit Policy. At least 6.0 credits, including at least 2.0 credits in the final academic year, must be earned through Kiwi Academy under an approved plan.

4. Graduation audit | 毕业审核

The Registrar prepares a graduation audit showing total and subject credits, GPA, transfer credit, repeated courses, residency, and unresolved obligations. The Academic Director reviews academic completion; the Principal authorizes the award. Graduation is recorded only after all discrepancies are resolved.

5. Credentials and corrections | 证书与更正

The diploma and final transcript carry unique identifiers and are recorded in the permanent award register. Administrative errors may be corrected with an audit trail; a replacement credential is marked as reissued. Revocation is limited to proven fraud, identity misuse, or a material records error and follows notice and review.
